

HAYDEN[®]

SUPER DUTY

Electric Fans

Hayden[®] is proud to introduce a new performance series of electric fans to our current offering, Super Duty electric fans. These high quality electric fans are perfect for performance enthusiasts and off-roaders who want upgraded cooling performance. With four sizes available in your choice of pusher or puller design, there's a Hayden[®] Super Duty electric fan that fits your performance cooling needs.

Super Duty Electric Fans

- Premium quality Italian design and manufacture
- IP68 waterproof and dust proof rating
- Straight blade design for maximum airflow performance
- Includes mounting hardware for ease of installation
- Available in both pusher or puller designs
- Available in 9", 12", 14" and 16" diameters
- Compatible with all Hayden[®] fan controllers
